DISCUSSION HOUSE CHURCHES

We believe every person has gifts and talents that can be used for the purpose of pointing other people towards Jesus Christ. In our Discussion House Churches, we use people who have the gift of teaching, communicating, and facilitating to lead a group of 8-12 people in a time of discussion regarding the text our church studied together on the previous Sunday Night. Discussion House Churches are designed to help each person in the group connect more intimately with God and each other through a time of sincere, Bible based conversation and prayer.

PASSION HOUSE CHURCHES

We believe every person has gifts and talents that can be used for the purpose of pointing other people towards Jesus Christ. In our Passion House Churches, people with a variety of gifts and passions lead groups of 8-12 people to help each person in the group connect more intimately with God and each other. For example, we have a Passion House Church for runners, where those within our church family that love to run, meet up once a week to run, pray, confess sin, and encourage one another in their walk with Christ all while doing what they love to do. We have Passion House Churches for Songwriters, Chefs, Seamstresses, Artists, Photographers, and much more. The goal is not to have House Churches based around our hobbies, the goal is to use our hobbies as a platform for connecting with God and one another on a more intimate level.
